

Don't you always get a smile on your face when you look at those sparkly eyes and shiny coats? Our bouquet of tea tree oil products is specially created to look after your pets' oral and skin care needs- something that you and your pet would absolutely love!

A wonder from Down Under, tea tree oil is essentially extracted from the tea tree (*Melaleuca alternifolia*), native to Australia and a traditional herbal remedy of the aborigines for centuries.

Not your ordinary cup of tea, this power packed infusion is known to contain great antibacterial, anti-viral, and anti-fungal properties. This can help prevent and treat a number of skin problems for humans and animals alike.
